Example floor plan

Fictional values for a software demonstration only.

Floor area: 72 m2

Bedrooms: 2

Scale: NTS

Room layout is illustrative. No dimensions were measured from this PDF.

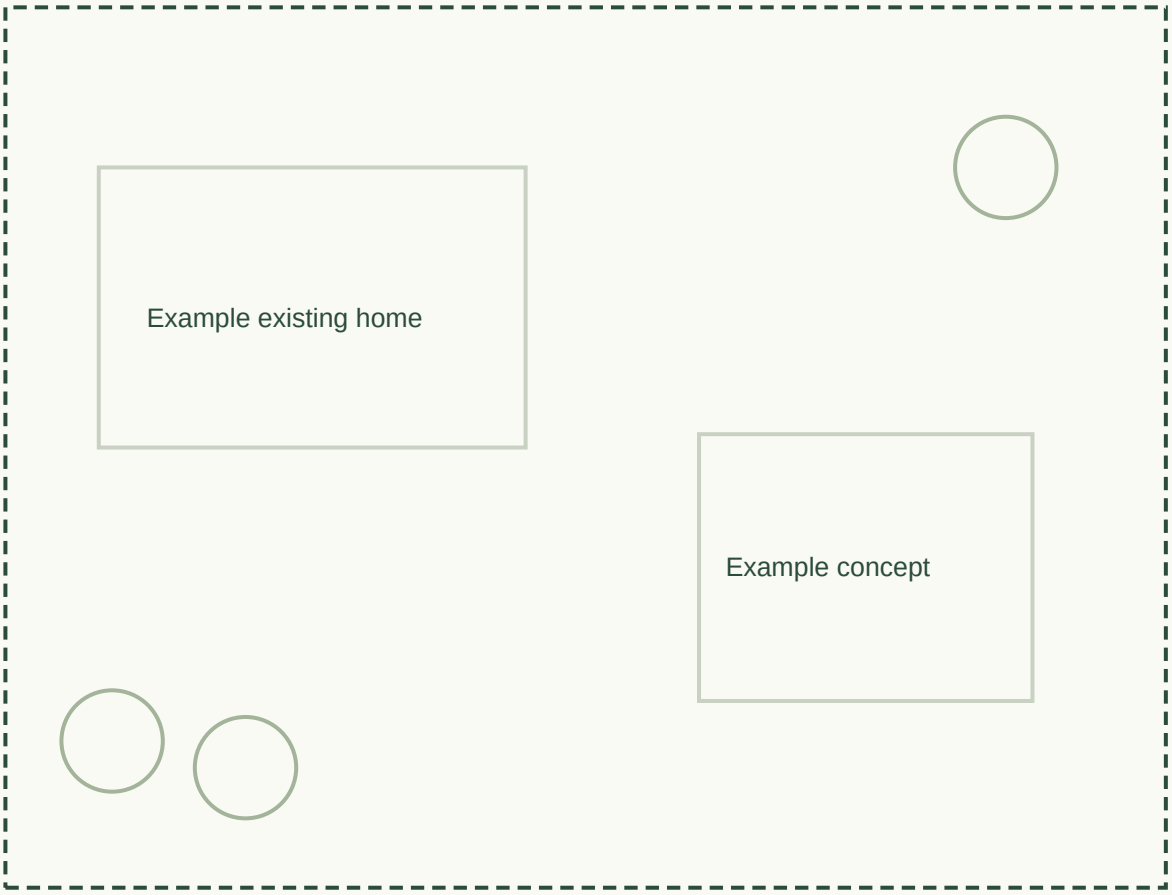
The printed area is a fictional note, not a computed geometric quantity.

Example site concept

Fictional values for a software demonstration only.

Scale: Not to scale

No verified project address is shown.



Dashed outline and tree symbols are fictional diagram elements.

They do not establish title boundaries, actual trees or site constraints.

Drawing review checklist

Fictional values for a software demonstration only.

Scale: NTS

Read the source

Check every candidate against its cited page before accepting a transcription.

Keep the unknowns

A missing text label is not evidence that a measurement or hazard is absent.

Review the actual project

Use the real survey, drawings, title and current planning information.

Arrange professional review

A designer, planner or relevant specialist must assess the real proposal.

Prepare a focused handover

Record the questions, required documents and the responsible reviewer.
